

FEBRUARY 2005

THE BROWN GOOSE

Many times made from dark fabrics, plaids, woolen remnants, etc. for a good and sturdy and warm utility quilt.

Usually, two fabrics were used, a light and a dark, sewn into 16 half-square triangle sections.

For your "Brown Goose",

Cut one 3-7/8" square each of the light and dark fabric. Right sides together, draw a line diagonally from corner to corner on the light square. Sew 1/4" from the line on both sides and then cut on the line.

This will give you two sections. Repeat until you have all 16 sections.

Now lay out your sections into the Brown Goose pattern as shown and assemble row by row.

Your block should now measure 12-1/2" square.

These 16 two-color sections can be arranged in many more ways besides the Brown Goose pattern.

Here are a couple of "Star" patterns.

See Mary Ellen Hopkins' book, "The It's Okay If You Sit On My Quilt Book", page 42, for more ideas.
