

2022 MPQG Challenge Quilt

If it's February, it's time to announce the theme for this year's Challenge Quilts

Drum roll please!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Flying Geese Folly

Looking back over the challenges from past years, there has never been one that required a specific block in the quilt. We hope you will find this challenge "challenging", as well as inspiring and fun.

Each quilt must contain 3 Flying Geese blocks:

- They can be any size - how many (or few) Flying Geese can you fit on your quilt?
- The geese can be flying around in a wedge, or can be a gaggle nesting in one corner.
- Use any technique you wish: applique, piecing . . .
- Feeling "artsy"? Incorporate the Flying Geese into a scene, flying over a building, trees, or a pond.
- Only the sky (and your imagination) are the limit.

**Each quilt should measure 18" x 18" inches,
and contain 3 layers (top, batting, and backing).**

We hope you will participate in this year's challenge, it's so much fun to see how creative a group we are.

The quilts are due in August. Hopefully, by then we will be able to meet in person so that we can see them up close and personal.
