**Definition of Quilt Categories**

**Traditional Quilts:** Quilts based on a traditional design either pieced, whole cloth or appliqued. Hand or machine quilted. Hand-quilted quilts MUST be entirely hand-quilted.

**Top by One, Quilted by Another:** The quilt top has been completed by one person and the quilting was done by someone else.

**Special Quilt Techniques:** Quilts that include construction methods such as fusing, digital printing, surface design techniques and embellishments such as thread painting, beading, crystals, embroidery, and painting or a mixture of hand and machine quilting; includes "tied" quilts as well as any quilt that does not obviously fit into another category.

**Group Quilts:** A quilt with a top which has been completed by two or more people.

**Kit Quilts:** A quilt made by using a kit which includes the pattern and pre-selected fabric. The entire quilt must be completed by the maker.

**Modern Quilts:** Usually functional, simplistic and minimalist, often with bold colors and prints, high contrast, asymmetric design, improvisational piecing, expansive negative space and alternate grid work.

**Art Quilts:** Completely original design meant to be hung as a work of art. Any source material must be the original work of the maker, including photos.
